Dear Colleagues,

I have made Domestic and Sexual Abuse key priorities within my new Police and Crime Plan 2016-21 and have recently developed a specific strategy with partners across West Yorkshire to address the domestic and sexual abuse across the region. We need to work better together with partners to deliver the outcomes in these plans and provide services which support a coordinated response to victims and survivors of domestic abuse and sexual violence. My core principles for victims and survivors are to provide an equality of service across West Yorkshire so that whoever the victim or wherever they reside they can expect to receive a consistent level of response and support tailored to their individual needs.

I would therefore like to invite you to a multi-agency Planning Workshop, the aim of the workshop will be to identify the deliverables to enable the implementation of the West Yorkshire Domestic and Sexual Abuse Strategy to support the delivery of the outcomes within the Police and Crime Plan.
